maki is a classic example of American sushi, early fusion cuisine incorporating new ingredients into traditional Asian recipes, while indicators of the economy seem to be doing well. The homeownership rate in California is telling a different story. The unemployment rate looks healthy. The stock market is still very high, even with the recent correction, and people seem to be spending beyond their means once again, with credit card debt solidly above 1 trillion. When it comes to working successfully in business, you need to understand why decision making is so important and how problem solving helps with the decision making process.
