Many strange even shocking things qualify as art in today's art world. In this book, Cynthia Freeland explains why innovation and controversy are valued in the arts. Weaving together philosophy and art theory with many fascinating examples, she discusses blood, beauty, culture, money, museums, sex, and politics, clarifying contemporary and historical accounts of the nature, function, and interpretation of the arts. Freeland provides a unique and inclusive view of the past by discussing it from the vantage point of contemporary art. Lucy R. Lippard, author of Mixed Blessings: New Art in a Multicultural America, notes that Freeland's small book offers a provocative and thought-provoking examination of art and its role in society.
ever really come with a satisfactory practical or philosophical definition of 
art, chapter 2 of art theory a very short introduction written by cynthia
freeland starts off speaking about the concept of imitation theory saying
that art is just an imitation of human life, in this spectacle of social
ambiguity that the book of cynthia freeland entitled but is it art appeals
