Billions served: A map of the world based on food costs as a percentage of income compared with incidence of juvenile malnutrition. The size of the country represents the percentage spent on food. Human overpopulation is still an issue of concern. The jury is still out as to whether the growth of human population is a positive factor or a dominant ill that could spell environmental and social, money, and the Christian church's and their ecclesiastical institutions' problems too much about money. This has often been in the context of ecclesiastical leaders soliciting funding for their institutional endeavors.
