Sifu Frank's response to Doc Fai Wong's 2002 article in Inside Kung Fu magazine, Founder of Choy Li Fut Training for Life, discusses the origins of Choy Lee Fut. He explains that Chan Heung was the founder of his Choy Lee Fut system. He wanted to improve it by adding in some of the things Jeung Hung Sing learned from the monk because of Jeung Hung's contributions to the further development of the Choy Lee Fut system. It is our belief that he could be thought of as a co-founder of sorts.
