April 16th, 2019 - Essential oil Wikipedia

An essential oil is a concentrated hydrophobic liquid containing volatile easily evaporated at normal temperatures chemical compounds from plants. Essential oils are also known as volatile oils, ethereal oils, aetherolea, or simply as the oil of the plant from which they were extracted, such as oil of clove. An essential oil is essential in the sense that it contains the essence of the

April 19th, 2019 - Instructions for Authors Obstetrics & Gynecology

Ghost Authorship: A ghost author is someone who participates in one or more of the following—research, data analysis, or writing of a manuscript—but is not named or disclosed in the author byline or acknowledgments. Ghost authorship is prohibited by the journal. Authors must disclose whether any manuscript preparation assistance was received—including but not limited to topic
